RE: Covington Estates Property-Petition to extend Consolidated Water District
Your File No. 4433-2

Dear John:

The Town Board has not taken action to exempt certain properties from the water moratorium. For that reason the timing is not appropriate for acceptance of a petition to extend the water district at this time.

Therefore, I am returning the package which you submitted on January 25, 2005 to you for submission at a later date.

Very truly yours,
