

Memo

Date: 9/27/02

From: David R. Tilton, P.E.

**RE: Covington Estates
Town of New Windsor
Sewer Monitoring Report**

To: File

**Cc: Mark Edsall, PE –
MH&E**

W.O. #: 101.01

Spoke with John Egitto, of Camo Pollution Control, Town of New Windsor Sewer Plant Operators this morning regarding the submittal of the sewer monitoring report requested by his office. John indicated that he had received and looked at the report and that based on the flow monitoring results he did not see any capacity problems related to the proposed Covington Estates connection.

He asked once we finalized the proposed tie-in location to submit the plans to his office for comment.
