Jim,

Things dont getting much better. Apparently BL is confused with the situation. They apparently have a new person running this application at BL, Myra got a call from Mike Lozenoff. They thought they were on for a public hearing on 11-6, but that is not a meeting, it is a worksession.

Next meeting is on 11-13, but they never got a list for mailings, nor did they prep a notice or a public hearing notice for the newspaper (as far as Myra can tell). As well, the plan was supposed to be complete with all utilities, grading etc., as was discussed at their last apperance at the Planning board. We have not yet received this at this time.

The next opportunity to have a public hearing is 12-11, which is the last meeting of the year. Hopefully they can "get it together" for then, otherwise it is off until 2003.

Just wanted you to be "in the loop".
