RE: Subdivision application request

Dear Mr. and Mrs. Romeo:

As a follow-up to the ongoing application of Highview Estates, I am writing to advise that we are requesting to be placed on the Planning Board agenda at their next available meeting.

At that time we will be advising the Board that subsequent to their January 14th meeting there was one on-site inspection by our clients. In addition, our clients checked with the Building Inspector to see if any permits had been obtained for septic work other than that done by our clients and their search of those files indicated that no other permits had been obtained.

I did receive one phone call from an attorney concerning this file and returned his phone call several weeks ago, but was only able to leave a message that I had tried to get back to him.

This letter is being forwarded in accordance with the general impression we received from the Planning Board that you should be kept aware of our procedural steps on this file. A copy of this is also being forwarded to counsel for the Planning Board so that he will be aware of our request to be on the next available agenda.

Very truly yours,

FOR THE FIRM

STEPHEN L. REINEKE
